Clermont, FL 34711

Dear T.J.,

Thanks to you and your team of professionals, our windows look amazing. I can't tell you how good it feels to look out and not notice the dirt and hard water build up on the windows. I just see the beautiful trees. I loved our office before and now I love it even more. I can see clearly now, the dirt is gone!

I was duly impressed by your attention to detail inside and out. Your team literally works together to make sure everything is sparkling inside and out by pointing out areas to each other that require attention. Fantastic teamwork! I will recommend Squeegee Squad to anyone needing window cleaning.

All my very best,

Kristin K. "Kiki" Grossman, J.D., LL.M.
